

LOCAL BREVITIES

Some Things You Know and Some You Don't Know About Our Towns, County & People

—Mr. and Mrs. J. F. Banister of Liberty, visited the family of R. A. Bowen in Pickens last Sunday.

—Col. J. L. Stansell has gathered 115 bushels of wheat from a sowing of four bushels. This is a good yield. Who'll beat it.

—Mr. and Mrs. John Acker and little daughter, Frances, of Anderson, are visiting the family of B. B. Laboon, a brother to Mrs. Acker.

We want to sell you both work and dress shirts because we will sell you better goods for same money. Come and see.
tf Craig Bros.

—Some of the colored people of the county and town are arranging to have a reunion of the old slaves of the county at their Baptist church in Pickens on Thursday, August 4th, 1910, to which all the ex-slaves are invited. The occasion will be enlivened by appropriate addresses by prominent speakers and a banquet will be given in connection with the services. The public is cordially invited to be present. "Dr." B. P. Griffin is behind this movement.

—On Saturday, July the 9th, Revenue Agent Yellowly of Columbia and R. Q. Merrick, J. C. Alexander and C. L. Cureton made a raid in Laurel Fork, Eastatoe and Oolenoy. They threshed over a big scope of country and captured three disbelievers and arrested two men. This is one of the biggest days work that has been done in Pickens county in a long time. It was a pity for them to do this mean trick right in "dog days" and no chance to get "snake bite" medicine at all handy.

—As will be seen elsewhere in this issue the county campaign opens next Saturday at Easley. The time for filing pledges expires the day before (Friday) at 12 o'clock. Though any pledges mailed and bearing the post mark of the mailing office and stamped before 12 o'clock would be legal and be allowed; we believe. But we would advise no prospective candidate to wait to the last minute and take this chance. There are hardly enough candidates out, so far to fill the offices. Surely a few more will offer themselves upon the altar of their country.

—Rev. S. T. Blackman, of Fountain Inn, S. C., filled the appointment of Rev. J. C. Yongue, in the Pickens Methodist church, last Sabbath preaching two excellent sermons, morning and night. On account of District Conference, which meets in Greenville this week, embracing Sunday, there will be no services at the Pickens Methodist church next Sabbath. There will be preaching the following Sunday, D. V., either by the pastor, Rev. J. C. Yongue, or some other minister, equally as good, so he says.

—J. R. C. Griffin, wife and two children, of Ware Shoals, are on a visit to the family of his father, in the Table Mountain section of the county. For several terms Mr. Griffin taught school at the mills of Easley and for a time was in the mercantile line there being of the firm of Wyatt & Griffin. For the past few years he has been at Ware Shoals, in the capacity of book-keeper for the Company and agent for the railroad running out to that point. John's friends in this part of the country are glad to see him and to know that he is doing well.

—Dr. E. G. Kerwin, Dentist of Easley, will be in Pickens every Wednesday. Office over Keowee Pharmacy.

—Mesdames R. A. Bowen and Florence Griffin returned to their home in Pickens Saturday, from a pleasant visit to relatives in Greenville.

—Sam Burgess, colored, of the Dacusville section, phoned in this, (Thursday) morning that he had killed a rattlesnake three feet ten inches long and having 13 rattles.

—Little Miss Sarah Peck, daughter of our fellowtownsman, J. A. Peck, has been quite sick for the past several days. Her many friends hope she may soon be up again.

—Mr. and Mrs. H. S. McKagen, of Sumter, nee Miss Ola Richey, are expected to arrive in Pickens this week to spend a time with her parents, Mr. and Mrs. H. A. Richey.

—Giles L. Wilson, State Bank Examiner, of Spartanburg, was in Pickens last week. He complimented our two banks very highly on the good financial showing they made.

—A ten days singing school will start on Monday, July 25th, with Prof. J. L. Murphree as teacher. All wishing to take singing lessons are urged to be present the first day at Seneca.

—Col. Alfred Taylor of Taylor's station, a mighty fine and affable gentleman is spending a time with his son, Capt. John T. Taylor, in Pickens. He attributes his good looks, longevity and general good health and affability to Chick Springs water.

—Judge J. A. Peck, of Pickens, celebrated the 4th by hieing himself off to St. Louis on a combined business and pleasure trip, and, to quote his words, got all that he went after. We are glad he had such a fine trip and delightful time, and know, from his conversation, that he greatly enjoyed himself.

—On last Friday afternoon, the 8th instant, Lois, the six months old daughter of Mr. and Mrs. W. A. Thomas, of our town was taken by the grim monster death. The little one had been sick for some weeks. The remains were buried in the cemetery of Camp Creek church on the day following its death. The father and mother have the sincere sympathy of a host of friends in their sad affliction.

—Miss Grace W. Vandiver, of Spartanburg, will lecture at the Flat Rock church on the fourth Sunday in July at 11 o'clock, on the Cradle Roll Department of the Sunday School and also on The Graded Sunday School and Its Advantages. This lecture will also be given at the first Baptist church at Liberty at 4 o'clock in the afternoon of the same day. Everybody is cordially invited to attend. All who miss this lecture will miss a treat. Miss Vandiver is State Lecturer on the Cradle Roll Department. Everyone interested should attend.

—Capt. T. A. Rainey, and family, of Charlotte, who have been on a visit to the family of Capt. J. T. Taylor, are now visiting relatives in Georgia. Mr. Rainey is making the trip through the country in his car. These two gentlemen are brothers-in-law, and worked together on the Southern a number of years between Charlotte and Atlanta, or, rather Central and Atlanta, it was in those days. Later Mr. Rainey was transferred and given a run from Charlotte to Statesville. It is said, by those who know, to be an extra fine run. "Tom-Rainey" as he used to be known in the days of Auld Lang Syne, has many friends throughout this section, who will be delighted to hear of him and know that he is prospering.

Weak Throat—Weak Lungs

Cold after cold; cough after cough! Troubled with this taking-cold habit? Better break it up. We have great confidence in Ayer's Cherry Pectoral for this work. No medicine like it for weak throats and weak lungs. Ask your doctor for his opinion. He knows all about it. His approval is valuable. Follow his advice at all times. No alcohol in this cough medicine.
J.C. Ayer Co., Lowell, Mass.

Always keep a good laxative in the house. Take a dose when your cold first comes on. What is the best laxative for this? Ayer's Pills. Ask your doctor his opinion. Let him decide.

Real Estate!

47. 2 3/4 acres of land in suburbs of Pickens; [new 8-room house, complete; in excellent neighborhood. A most desirable place for a home. See me at once as this is not going to stay long on the market at \$2,100.

No. 48. 46 acres, 25 in cultivation, 7 acres in pasture, balance in timber; 3-room house, good outbuildings; 2 miles from Pleasant Hill church, 1/4 mile from school, 6 miles from Central. Price only \$32 per acre.

No. 49. 106 acres 1 1/2 miles from Six Mile church on main public road; 6 room house, good outbuildings; 40 acres in good state of cultivation; extra fine orchard. There is some rolling land on this place, but the rough land is in woodland. I consider this place good value at \$30 per acre. Can give you terms to suit you on this place. Don't wait until the other fellow gets it and then say "Wish I had bought it."

No. 50. Now, here is one of those nice little places that I am going to sell before breakfast, one of these mornings. It contains 45 acres; good 4 room house, large barn; 20 acres in cultivation; on main public road, in Six Mile section; in easy reach of School and all of the advantages enjoyed by that section; and the price is only \$30 per acre; and can give you terms on it at that. Step lively if you want it.

No. 51. Now, take notice! If you have been wanting a good-sized farm down on the Southern R. R. close to a good live town; 250 acres, 1 1/2 miles from Liberty, close to the Calumet Cotton Mills, 125 acres in cultivation, 40 acres in pasture, 3 dwellings, one large two-story house, 2 good tenant houses, lot of fine woodland on this place. If you would be interested in a place in this section, let me show you the advantages contained in this proposition. But I haven't told you what the price is—now, listen, 250 for only \$8000—just \$32 per acre!

No. 52. 63 1/2 acres, in the corner of the roads, at Six Mile church; 3-room store-house and dwelling combined. This is a most desirable place for any one desiring to run a store out in that section. This land will bring a fancy price to cut up into residence lots in the near future. Price \$1050.

If this list does not contain what you want, see me, I have plenty of other good desirable properties.

WE HAVE THEM.

The old reliable "Mason" Porcelain-lined Fruit Jars—prices right. Or if you want to put your fruit and vegetables up in any old thing (not air tight) get our "Sure Keep" Fruit Powder; 10 cents a box. Will keep 40 pounds as fresh as when gathered.

FLOUR?—Well, it is so cheap that if we were to tell you the price you might be tempted to feed your wheat to the mules and buy our high grade flour. But don't do that, because Mr. Patton, or some other speculator, might get on the market and make you pay a high price again before another crop is made.

CORN MEAL! Yes, the old-style ground meal at \$1.00 the bushel. Good and fresh.

SUGAR! Just think of getting 16 pounds of good sweet Granulated Sugar for \$1.00 here in blackberry time.

A good line of Shoes, Hats, Sunday Shirts, Work Shirts and Work Pants—all to go at bargain prices.

Side Dressing Cotton And corn

right now with our specially prepared fertilizer will pay you better than any fertilizer applied to your crops. Look at these figures: at present prices 12 pounds of increased yield of cotton and seed the out of it, to the acre will pay for one sack of Standard Guano. Fifteen pounds of increased yield will pay for one sack of 8-3-3. Twenty pounds of increase will pay for one sack of 8-4-4. One sack of our specially prepared fertilizer will side dress an acre of cotton and will pay for itself four or five times. The potash in these goods will prevent rust and other diseases and will prevent shedding. A man who has side dressed does not need argument to persuade him. If you have not tried it, try it on part of your crop this year. It will pay four or five times what it costs.

J. S. Fowler says you will make an extra bale of cotton for every ton of our high grade specially prepared fertilizer used for side dressing. Cotton is late this year and needs plant food. You want a good crop this year and the time is short to make it in. The chances are you can't make it unless you side dress. You can make it then.

Soda water of Different Makes.

It's a mistake to suppose that because the same names are used for drinks put up by different manufacturers that the goods are identical, either in flavor or strength. The fact that drinks known as Ginger Ale, Lemon Sour, Strawberry, Peach, Root Beer, Cream Soda, and other flavors, are put up by all soft drink manufacturers, is no standard by which to judge quality. One may be far superior in every way to the others. We know our drinks are equal in strength to the best placed upon the market of today and far better than some. The way to judge the merits of flavors is by tasting them, not only in testing them, but by making a COMPARATIVE test.

Knowing that our flavors are "all wool and a yard wide," invite comparison with others. We make the best good can, without regard to standard of competitors, and we change a formula unless we find a way to improve.

We believe that all things being equal, (careful orders and correspondence and fair dealing) QUALITY is sure to win success; not on those fair-minded men who handle our goods on that basis.
